Thank you! This year's Year-End Summary (YES) has been updated to streamline the process, improve impact and other data, as well as to simplify overall collection by incorporating only critical financials into the YES, negating the need for a separate financial survey/form. It will appear different from last year.

Within thirty (30) days after the end of the chapter's fiscal year, the outgoing President shall complete this form. Save a copy for the chapter files and provide a copy to the incoming President.

Please note: The information to be added is for the chapter **and its auxiliaries**.

For numeric and currency fields, enter only the numbers, no commas or dollar signs.

List of Programs

Below, your Chapter's programs are listed alphabetically. Take the time to review the programs. The name listed should be the official program name as written. .

NOTE: *In order to improve our impact data, we have a new method to track programs that aligns with our **5-pointed star!** You will see this reflected in the Area and Type.*

*Programs that were previously tracked as having more than one type (I.E., many types under one umbrella such as clothing and food and supplies, etc...) will now be split out and listed separately. **This has been done for you.***

*For each of these, the Description/Comments are **copied from the original program that combined all the types.***

Please update these as appropriate by 1) deleting the narrative that doesn't apply and 2) leaving only the appropriate updated description for each individual program.

For example, if your OSB had both clothing and supplies, then now you will see two programs. In the description for the clothing type, add the clothing related comments and delete the narrative regarding supplies. For the supplies program, include only the description for supplies, and delete the clothing narrative.

Description

We provide hygiene kits to men, women, and children who are survivors of assault and well as those living in homeless shelters.

Comments

We pack approximately 300 kits each month and distribute to an umbrella organization (SARNCO) that provides them to the emergency rooms of nine Columbus hospitals for survivors of assault. We also give kits to two homeless shelters. This fiscal year we delivered 3,247 kits to SARNCO and the shelters.

Area (5-pointed Star) Type
Essential Needs and Supplies Clothing

Description

We provide clothing (sweats in winter) (shorts/tops in summer) for assault survivors and homeless individuals. This year we also provided 43 safety bars for entry doors of the survivors. We served 623 individuals this year.

Comments

We receive requests from the individual hospitals in the Columbus for certain types of clothing. Members shop at local stores and then distribute to the umbrella organization (SARNCO) that in turn, provides the clothing to the hospitals. We also give clothing to two homeless shelters on an as-needed basis..

Description

We provide assault survivor kits and clothing to teens at this facility for young people. We also provide start-up baskets of domestic items for the teens and young adults who move into apartments on the campus. We served 398 young people in both programs.

Comments

Some of these young people are here for a short time as a refuge from conflicts at home, while others are longer term and even move into the provided apartments.

Description
This is a nationally accredited organization in which women receive their prenatal care in a group setting. The chapter provides baskets of items for a newborn that are given to mothers at the monthly showers. We also provide breastfeeding pillows and handknit baby hats and bags by our members. We served 155 mothers and babies this fiscal year.

Comments
This program has proved very popular and we will provide small gifts to the mothers at the showers in the future.

Description
We provide a few hygiene kits when requested. We give stuffed bears to the children who are survivors of abuse, approximately 11 each month, to give comfort.

Comments
Due to increased costs, it was necessary to reduce the number of bears delivered each month from 15 to 11. Because we are using a new vendor, we hope to increase the number next year.
